

Sprint #3 Report - 5/19/2019

Retrospective

Actions to stop doing:

1. Assigning too many tasks

Actions to start doing:

1. Keep completing tasks throughout the sprint
 - a. Don't have a huge chunk rushed before sprint end
2. Invest more time into the user experience logs
3. Identify what task you are working on in standup (not just the work you're doing)

Actions to keep doing:

1. Keep being early to PPP and TA meetings :)

Work Overview

Completed

User story 1: Map screen

Not Completed

User story 2: Navigator

- All math related tasks
 - Nick was backlogged on Sprint 2's algorithm changes (stuck in PR)

User story 3: Sailing History

- Was dependent on user story 2 being completed

Work Rate

Tasks backlogged: None

We averaged 2.2 task points a day, but lost momentum at the end of the sprint.
